

SeaFish Oy-Vind

SKU: Oy-Vind

An uninsulated constant wear suit for use in exposed situation within aquaculture and fisheries. Developed in cooperation with workers with long lasting experience in the field.

The SeaFish OY Vind Work Suit is a robust offshore work suit designed to protect personnel engaged in marine operations, aquaculture and general fishery activities. It combines reliable weather protection with practical features that support mobility and ease of wear throughout long work shifts.

Constructed from highperformance waterproof and breathable material, the suit offers durable protection against wind, rain, spray and cold temperatures commonly encountered in offshore environments. The fabric is chosen for strength, abrasion resistance and allweather performance to meet rigorous work requirements.

Thoughtfully placed reinforcement panels and ergonomic articulation support natural movement while minimising fatigue. Functional details such as adjustable cuffs and waist, multiple utility pockets and highvisibility reflective elements enhance safety and convenience during operations. The SeaFish OY Vind is suited to workboat crews, deckhands, offshore personnel and anyone requiring a dependable work suit.

Key Features

- Durable offshore work suit for marine and deck operations
- Waterproof and breathable construction for allweather protection
- Reinforced panels in highwear areas for extended durability
- Articulated design to support natural movement and comfort
- Adjustable cuffs and waist for a secure fit
- Multiple utility pockets for convenient storage
- Highvisibility reflective elements for enhanced safety
- Secure closures to resist wind, water and spray ingress
