

Halo Crew Lifejacket

SKU: 83297

Tailor engineered for helicopter aircrew. From offshore transfer to search and rescue operations, the Halo Aircrew lifejacket delivers a combination of comfort, style and safety performance. The ergonomic design is tailored to reduce interference with associated equipment, so aircrew duties can be completed unhindered and in comfort.

The Halo Aircrew Lifejacket is crafted to meet the demanding needs of helicopter flight operations over water, where rapid flotation and wearer comfort are essential. Combining dependable buoyancy with ergonomic design, this lifejacket supports aircrew throughout pre-flight preparation, mission hours and emergency scenarios.

Developed with a focus on lightweight comfort and secure fit, the Halo Aircrew Lifejacket allows freedom of movement without compromising safety. The contoured profile and adjustable harness system help deliver a snug, custom fit for a wide range of body sizes and equipment configurations.

The lifejacket incorporates key survival features to enhance flotation posture and stability in water. Designed to interface seamlessly with approved immersion suits, it forms a complete survival system for over-water helicopter operations.

Key Features

- High-performance lifejacket designed for helicopter aircrew use
- Reliable buoyancy support for rapid flotation
- Lightweight, ergonomic design for comfort and freedom of movement
- Adjustable harness system for a secure, custom fit
- Contoured profile to support proper flotation posture
- Designed for compatibility with approved immersion suits
- Enhanced visibility elements to support detection in water
- Practical storage and attachment points for safety accessories
- Engineered for professional aircrew operational requirements

Lifejackets Industry and Applications Certifications Product Info

Release mechanism	Manual
ISO buoyancy class	275 N
Type of Buoyancy aid	Inflatable
Crotch strap	Dual crotch strap
Buckle type	Quick Lock
Actual buoyancy	350 N
Sensor type	UML Micro
Spray hood	Yes

Industry	Offshore Oil and Gas, Aviation, Offshore Transfer
Area of use	Helicopter transport, Transport between installations
ETSO	2C504
Other certifications	Tilsvarer krav iht ETSO C13F
Weight	2200 g
Size	STD
Colour	Navy
Service Interval	1 Year
