

SeaWind Boat Crew AES

SKU: SeaWind-Boat-Crew

Gear built for life on deck. The SeaWind Boat Crew AES Work Suit is engineered to keep boat crew and offshore personnel protected, dry and comfortable during demanding marine operations.

The SeaWind Boat Crew AES Work Suit is a highperformance protective suit designed for professional boat crew, workboat operators and offshore personnel who face wind, spray, rain and changing sea conditions every day. It combines effective weather protection with functional features that support safety and ease of movement on deck. Constructed from waterproof, breathable and durable materials, the suit provides reliable resistance to wind and water while allowing moisture from inside to escape. Strategic reinforcement in highwear areas enhances durability for frequent use, and ergonomic patterning supports natural movement during physically demanding tasks.

The suit includes practical elements such as adjustable closures and utility pockets, giving crew easy access to essential tools while maintaining protection. Enhanced visibility details increase safety in variable light conditions, and secure seals help resist spray and water ingress. The SeaWind Boat Crew AES Work Suit is designed to be a dependable work solution for professional maritime environments.
