

Crewfit 275N XD Automatic Wipe Clean

SKU: Crewfit 275N XD WC

Engineered for challenging marine work. The Crewfit 275N XD Wipe Clean Lifejacket is a high-performance inflatable lifejacket designed to provide dependable flotation and comfort for professionals working on or around water.

The Crewfit 275N XD Wipe Clean Lifejacket is built for commercial and offshore environments where frequent exposure to water, spray and harsh conditions is part of the job. Its standout feature is the wipe-clean outer cover, which allows the lifejacket to be easily cleaned and maintained for continuous use in demanding work settings.

Incorporating Fusion 3D ergonomic technology, the lifejacket is shaped to follow body contours for enhanced comfort and natural movement during extended wear. Twin waist adjusters help ensure a secure, tailored fit, while removable dual crotch straps prevent ride-up in the water. The modular design allows for customisation of covers, inflation systems and harness options to suit specific operational needs. The 290N inflatable bladder provides buoyancy above the minimum 275N rating, delivering stable flotation and effective turning performance even when worn over heavy clothing. Built-in features such as chin support, location beacon attachment points and dual lifting beackets support rescue readiness in emergency situations.

Key Features

- Inflatable lifejacket designed for commercial and offshore work environments
- Wipe-clean outer cover for easy maintenance and increased longevity in tough conditions
- Modular design with options for inflation, cover and harness configurations
- Fusion 3D ergonomic shape for comfort and freedom of movement
- Twin waist adjusters for a secure, tailored fit
- Removable dual crotch straps to prevent ride-up in the water
- Buoyancy chamber that exceeds minimum 275 N rating for stable flotation performance
- Built-in chin support to help protect the airway during flotation
- Location beacon attachment points to support rescue readiness
- Dual lifting beackets to aid recovery in water

Lifejackets Industry and Applications Certifications Product Info

Release mechanism	Water activated
ISO buoyancy class	275 N
Type of Buoyancy aid	Inflatable
Crotch strap	Yes Double
Buckle type	Quick Lock
Actual buoyancy	290 N
Cylinder lock	Yes

Sensor type	UML Pro Sensor Elite
Safety Harness	No
'Wipe Clean' Cover	Yes
Spray hood	No
Attachment point for safety line	No
Industry	Fisheries, Shipping, Offshore wind energy
Area of use	Working at height, Weather-exposed work, Deck work, Fish farming – daily operations, Working in cold and wet environments, Emergency evacuation, Maintenance work on board, MOB Operations
ISO	ISO 12402-2 (275N)
Manufacturers Part Number (MPN)	9251XXX
Weight	1400 g
Size	STD
