

# Centre Zip 70N

SKU: Crewsaver Centre Zip 70N

A front zip allowing easy, jacket-style donning makes this buoyancy aid ideal for use in busy watersports centres. With a highly durable construction and full range of quick-pull, safe-lock adjustment straps, it offers a great fit and unhindered movement coupled with comfort and security. For convenience each size is clearly colour-coded.

## Key features

- Outer body made from 500D Cordura with 420D nylon lining
- 40mm polypropylene webbing shoulders with a 25mm polypropylene adjustment strap and heavy-duty ladder locks
- Heavy-duty front zip for ease of donning, secured by dual 40mm and 25mm side adjustment buckles
- Child/Junior size fitted with adjustable thigh straps
- Shoulder and side colour coding
- Company branding options available

## Lifejackets Industry and Applications Certifications
