

Crewfit 275N XD Manual

SKU: Crewfit-275N-XD-Manual

Dependable flotation for demanding marine work. The Crewfit 275N XD Manual Lifejacket is a professional-grade inflatable lifejacket designed to provide reliable buoyancy and comfort for offshore personnel and commercial marine environments.

The Crewfit 275N XD Manual Lifejacket delivers strong flotation performance with a nominal 275N buoyancy rating, making it suitable for use in workboat operations, offshore wind activities, deck work and other challenging marine roles. This manual version combines robust construction with practical functionality, offering flotation support when the wearer needs it most.

Designed with professional use in mind, the lifejacket features Fusion 3D-shaped ergonomics that follow the body's contours for improved comfort and mobility during extended wear. A manually activated inflation system gives the wearer control over inflation timing, while dual waist adjusters and removable crotch straps help ensure a secure, tailored fit. The heavy-duty outer cover enhances durability in rugged environments, and built-in lifting points support rescue readiness.

Key Features

- Professional inflatable lifejacket with 275 N buoyancy for reliable flotation
- Manual inflation system for user-controlled activation
- Fusion 3D ergonomic design for comfort and freedom of movement
- Dual waist adjusters for secure, customised fit
- Removable dual crotch straps to prevent ride-up in water
- Heavy-duty outer cover built for commercial marine environments
- Built-in lifting beackets to support safe recovery
- Built-in chin support to help keep airway clear in water
- Designed for demanding workboat and offshore use

LifejacketsIndustry and ApplicationsCertificationsProduct Info

Release mechanism	Only manual
ISO buoyancy class	275 N
Type of Buoyancy aid	Inflatable
Crotch strap	Yes Double
Buckle type	Quick Lock
Actual buoyancy	290 N
Cylinder lock	EXOLOK
Sensor type	None (Manual trigger)
Attachment point for safety line	Stainless Steel D-ring

Industry	Defence and SAR, Offshore Oil and Gas, Offshore wind energy, Shipping
Area of use	Rescue operations, Weather-exposed work, Crew safety, Maintenance work on board
ISO	ISO 12402-3 (150N), ISO 12401 (SH/Safety Line)
Service Interval	1 Year
