SeaAir Europe Pilot Suit / SeaAir Europe Pilot Lifejacket

The suit is designed to work in conjunction with SeaLion Europe

The suit is designed to work in conjunction with SeaLion Europe Lifejacket (HP ETSO Lifejacket), approved according to EASA ETSO 2C504 Helicopter crew and passenger lifejacket.

Together the two products form a complete safety system for helicopter crew flying offshore.

Special suit/ Pilot suit

Suit is compatible with SeaLion Europe Pilot Lifejacket with back mounted SeaAir EBS

Compressed Air EBS approved by CAA-UK in accordance with CAP 1034

Neoprene boots

FlexiBoot is the obvious choice as an accessory for our dry suits with or without socks. A robust boot - still lightweight and durable with good friction. Suitable for all HP dry suits with socks. The boots are comfortable and will extend the life of your suit. FlexiBoot is made of neoprene with sole and reinforcements in rubber to provide extra support and comfort. May be used with fins/flippers. Sizes 38 -47

Suit with alternative/separate adjustable neck seal

The new development offers the user comfort (ventilation) in transit periods without undonning the suit. A 100% waterproof seal is achieved with a simple maneuver.

As an alternative to the suit with waterproof zip in neck seal, Hansen Protection offers a suit with a innovative neck seal construction and separate waterproof zipper

85461 fixed neck seal

85464 zip in neck seal

85467 adjustable neck seal
